## Creating Your Profile

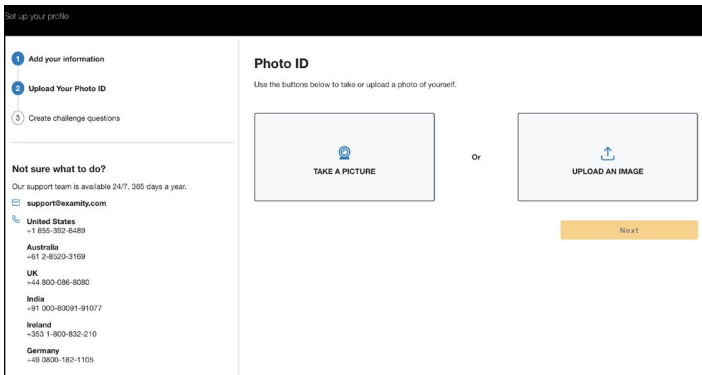

The first time you attempt to access Examity, you will be prompted to create your profile. Profile creation is a very quick process.

1. Provide key contact information for your profile.

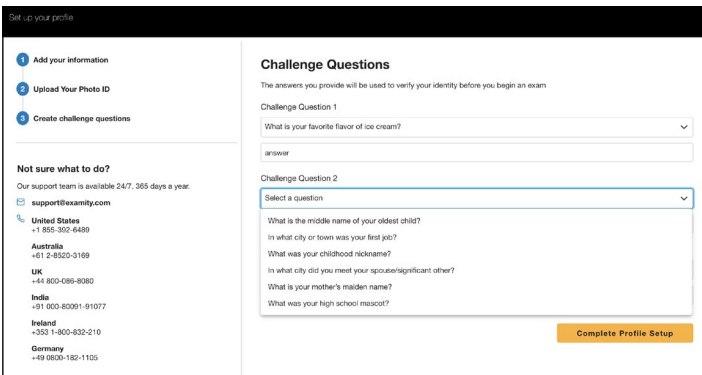

**TIP:** Confirm that your time zone reflects the location in which you will be testing.

2. Upload a picture of your ID (a valid government-issued photo ID). Please note, for verification purposes, you will need to bring this ID with you every time you take a test.

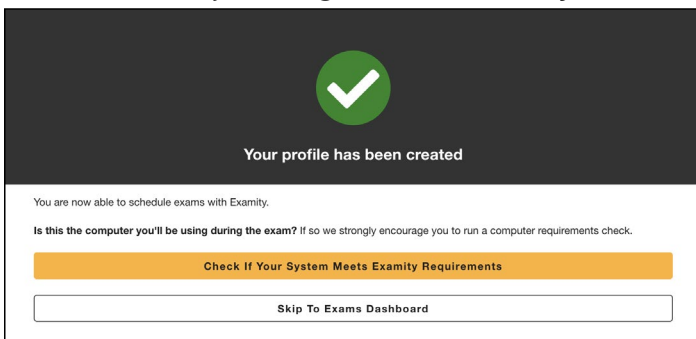

The screenshot shows the 'Set up your profile' page at step 2, 'Upload Your Photo ID'. The left sidebar contains a progress indicator with three steps: 'Add your information', 'Upload Your Photo ID' (current), and 'Create challenge questions'. Below the progress indicator is a 'Not sure what to do?' section with support contact information for various countries. The main content area is titled 'Photo ID' and instructs the user to 'Use the buttons below to take or upload a photo of yourself.' There are two buttons: 'TAKE A PICTURE' and 'UPLOAD AN IMAGE', separated by 'Or'. A 'Next' button is located at the bottom right of the main content area.

3. Select and answer three challenge questions.

The screenshot shows the 'Set up your profile' page at step 3, 'Create challenge questions'. The left sidebar is identical to the previous step. The main content area is titled 'Challenge Questions' and states 'The answers you provide will be used to verify your identity before you begin an exam.' There are two challenge questions, each with a dropdown menu to select a question and a text input field for the answer. The first question is 'What is your favorite flavor of ice cream?' and the second is 'What is the middle name of your oldest child?'. A 'Complete Profile Setup' button is located at the bottom right of the main content area.

Your profile has now been created. You should see a confirmation screen. Before proceeding to the exam dashboard, we encourage you to perform a system check to see if your system meets ExamiT requirements. You can do so by clicking **“Check If Your System Meets ExamiT Requirements”** and following the process.

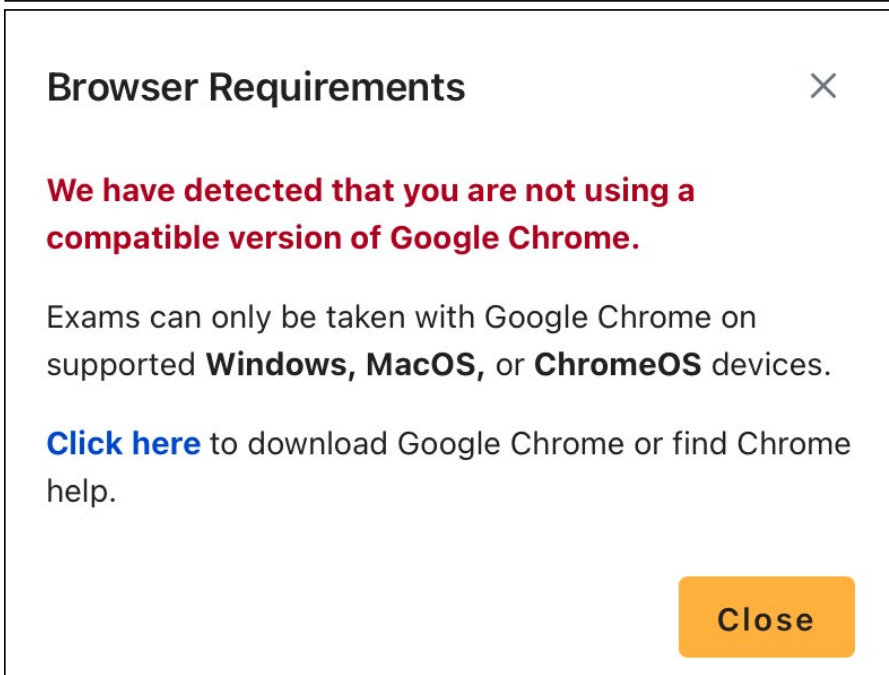

The screenshot shows a confirmation screen with a large green checkmark icon at the top. Below the icon, the text reads 'Your profile has been created'. Underneath, it says 'You are now able to schedule exams with ExamiT.' and 'Is this the computer you'll be using during the exam? If so we strongly encourage you to run a computer requirements check.' There are two buttons: a yellow button labeled 'Check If Your System Meets ExamiT Requirements' and a white button labeled 'Skip To Exams Dashboard'.

## Navigating Your Dashboard

Once your profile is created, you will be directed to the Examity dashboard. There, a system check will automatically be performed in order to determine that your system meets Examity requirements. If all icons turn green, then your system is ready to test.

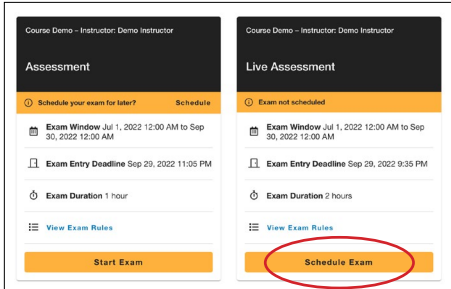

If any of the icons turn red with an exclamation point, it means that that part of your system does not pass Examity requirements. You can click on the red text in the gray box to view steps that you can take to ensure that your system meets our requirements.

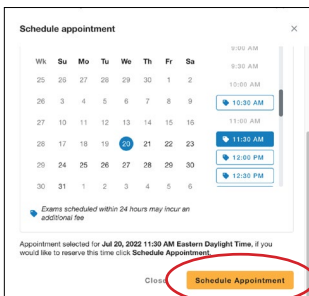

**REMINDER:** You cannot take an exam if one or more parts of your system do not meet Examity requirements.

The Examity dashboard is where you will schedule, reschedule, cancel, and start exams. In addition, your dashboard offers access to edit your profile information. For live proctored exams, you will need to schedule the date and time of the exam in advance. To schedule your exam, click on the **“Schedule Exam”** button and follow the process.

With Examity, you can often schedule an exam on demand. Select the day and time you want to take your exam. Then, click **“Schedule Appointment.”**

**Please note:** Some organizations and institutions may require payment for scheduling your exam. You can pay by credit or debit card. Examity accepts all major credit and debit cards.

## Taking Your Exam

On the day of your exam, locate the exam card and select **“Connect to Proctor.”**

You will be sent to a new screen where you will be asked to run through a few steps to install the Examity extension, grant permissions, verify your identity, answer a challenge question, review exam rules, and approve our user agreement.

After, you will need to verify your photo ID that you uploaded while creating your profile. Hold the photo ID in your webcam’s view. Once ready, click **“Take Photo.”** You can also retake the picture if needed, or click **“Use Photo and Continue.”**

**4. Challenge Question:** Answer a previously selected challenge question. Once you have entered your answer, click **"Next."**
